Art Unit: 1755

1. Restriction to one of the following inventions is required under 35 U.S.C. 121:
  - I. Claims 1-12,25-35, drawn to a glass composition free of  $\text{Na}_2\text{O}$  and  $\text{K}_2\text{O}$ , classified in class 501, subclass 4.
  - II. Claims 13-24,36-46, drawn to a glass ceramic composition including  $\text{BaO}$  and does not exclude  $\text{Na}_2\text{O}$  and  $\text{K}_2\text{O}$ , classified in class 501, subclass 4.

The inventions are distinct, each from the other because of the following reasons:

2. Inventions I and II are unrelated. Inventions are unrelated if it can be shown that they are not disclosed as capable of use together and they have different modes of operation, different functions, or different effects (MPEP § 806.04, MPEP § 808.01). In the instant case the different inventions are not disclosed as capable of use together and have different modes of operation. Group I excludes  $\text{Na}_2\text{O}$  and  $\text{K}_2\text{O}$ , while Group II does not.

3. Because these inventions are distinct for the reasons given above and have acquired a separate status in the art because of their recognized divergent subject matter, restriction for examination purposes as indicated is proper.

4. Applicant is advised that the reply to this requirement to be complete must include an election of the invention to be examined even though the requirement be traversed (37 CFR 1.143).

5. Applicant is reminded that upon the cancellation of claims to a non-elected invention, the inventorship must be amended in compliance with 37 CFR 1.48(b) if one or more of the currently named inventors is no longer an inventor of at least one claim

Art Unit: 1755

remaining in the application. Any amendment of inventorship must be accompanied by a request under 37 CFR 1.48(b) and by the fee required under 37 CFR 1.17(i).

6. Applicants are reminded that a completed 1449 must be submitted for the references of the parent application to be considered.

7. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Karl E. Group whose telephone number is 571-272-1368. The examiner can normally be reached on M-F (6:30-4:00) First Friday Off.
